

Zibo Containers (Pty) Ltd

MANUFACTURERS OF RIGID THERMO FORMED PLASTIC CONTAINERS
www.zibo.co.za

To: Our valued partners in supplying a product packed in a food safe container

From: Zibo Containers Food Safety Management team

Date: 12th of August 2019

RE: No bags packed into boxes

Dear All,

Zibo, in line with the world trend has embarked on less plastics drive.

We have considered all risks associated with the removal of the inner box LDPE liner and is confident that the packaging supplied to you are not compromised in any way, whether structurally, performance, application or food safety.

We want to ensure you that our internal control measures, albeit incoming inspections or supplier assessments/audits and migration testing will carry this guarantee extended to you.

Our SEDEX membership and our accepted responsibility to our environment has now forced, us willingly, to take this huge step.

Your patience, assistance and commitment to this initiative is requirement in achieving our objective, which is; "doing our bit to be the change we want to see."

Yours in protecting our environment.
